

## Waste Warrior Commitment

In our experience, it is most valuable for both Waster Warriors and the Green Depot if a Waste Warrior is able to commit to one 2-3 hour shift per week.

It is our hope that volunteers become part of a committed team that works toward building a sustainable, responsible waste reduction system at the UNA. That said, we recognize that individuals have varying schedules, goals and incentives for their volunteer time with Green Depot. If your situation is different than the one described above, please communicate this to the Sustainability Coordinator.

As a Waste Warrior, I agree to:

- Read and understand the contents of the Green Depot Operations Manual
- Inform the Sustainability Coordinator if I am going to be late or am going to miss a shift
- Be polite and respectful to all Green Depot users and fellow Waste Warriors
- Take any problems, criticisms or suggestions to the Sustainability Coordinator
- Stayed informed of all Green Depot operations, and ask, if I unsure
